

Cheap Trick, Closer, The Ballad Of Burt And Linda

Every day is a darker day
It's always gonna be that way
One step closer to mine
I know it's not respectable
But it is the best of all
One step closer
Relax your mind
It really doesn't matter if the Heavens is
gonna rain or shine
You're better off blind
If the lover don't find
Makes you one step closer to mine
Closer
One step closer
One step closer
Relax your mind
It really doesn't matter if the Heavens is
gonna rain or shine
You're better off blind
If the lover don't find
Makes you one step closer to mine
