

# Cheap Trick, Smile

My darling little ones, can you hear me?  
I'll know in my heart when you need me  
I'll always be there when you want me to  
Take a look around the world, it's a wonder  
Look up to the sky that you're under  
There's so much to life, there's so much to do  
When I see you smile my love I just can't hide my love  
When you call out my name, well you know how it feels  
Well, it seems like a dream and I just can't believe it's real  
Imagine you and me now and ever  
Whatever will be I surrender  
I'll always be there if you want me to  
When I look into your eyes, it's a wonder  
A wonderful spell that I'm under  
We're not just a dream meant for me and you  
When I see you smile my love I just can't hide my love  
When you call out my name, well you know how it feels  
Well, it seems like a dream and I just can't believe it's real  
Don't be afraid, don't be afraid to cry  
I'll dry your tears, everything will be alright  
When I see you smile my love I just can't hide my love  
When you call out my name, well you know how it feels  
Well, it seems like a dream and I just can't believe it's real  
Take a look around the world, it's a wonder  
Look up to the sky that you're under  
There's so much to life and so much for you
