

Cheat Codes, Little Mix, Only You

[Verse 1: Perrie]

Dancing with your silhouette in the places that we met
Ooh, tryna find you in the moon
Paris never feels the same
When the streets all call your name
Ooh, so I hide in crowded rooms

[Pre-Chorus: Leigh-Anne]

And I'll follow right down the river
Where the ocean meets the sky
To you, to you

[Chorus: Jade]

Once upon a time we had it all
Somewhere down the line we went and lost it
One brick at a time we watched it fall
I'm broken here tonight and darling, no one else can fix me
Only you, only you
And no one else can fix me, only you
Only you, only you
And no one else can fix me
Only you, oh
Only you

[Verse 2: Jesy & Trevor Dahl]

Did I let go of your hand for a castle made of sand
Ooh, that fell into the blue
I went following the sun to be alone with everyone
Ooh, looking 'round a crowded room

[Pre-Chorus: Leigh-Anne & Trevor Dahl]

And I'll follow right down the river
Where the ocean meets the sky
To you, to you

[Chorus: Jade + Perrie & Trevor Dahl, (Jade), (Perrie), Jade + Leigh-Anne]

Once upon a time we had it all (we had it all) (Mmm)
Somewhere down the line we went and lost it (We went and lost it)
One brick at a time we watched it fall (fall)
I'm broken here tonight and darling no one else can fix me
Only you, only you (yeah)
And no one else can fix me, only you (no one like you)
Only you, (nobody else), only you (oh)
And no one else can fix me
Only you, (oh)
Only you
(Falling, falling, falling, yeah)
Only you, (only you), only you, (only you)
And no one else can fix me, only you (only you)
Only you, (only you), only you, (only you)
And no one else can fix me
Only you
