

Cheese, Enes

Daughters of Zion beware
Feel the presence of heaven coming down
Closer can you feel Him coming down?
Closer can you feel Him coming down?

Makes me wonder
(come to my senses)
Makes me wonder
(take my innocence)
Makes me wonder
(watch the world go round)
Makes me wonder
(some of us will drown)

Spinning everything
The hills are down
Man on creation playing god
Closer can you feel Him coming down?
Closer can you feel Him coming down?

Makes me wonder
(come to my senses)
Makes me wonder
(take my innocence)
Makes me wonder
(watch the world go round)
Makes me wonder
(some of us will drown)

Watch out back out
Watch out back out
Watch out back out

Take me to the other side
I cannot breathe domination
For you
For you

Closer can you feel Him coming down?

Watch out back out
Watch out back out
Watch out back out

Take me to the other side
I cannot breathe domination
For you
For you
For you

Take me away
Take me away
