Break Out Of This Box

Verse 1 -

Everybody tells me to let it go
I think their crazy, they just dont know
I wish that they saw things the way that i do
I'm not that different I'm just like you

PreChorus -

I still run for shelter when the rain starts to fall
Sometimes i get mad over nothing at all
But i cant let it break me
Gotta give it my all
If i stand for nothing then i fall

Chorus -

Sometimes up, Sometimes down
Livin' my dreams with my feet on the ground
I'm not perfect nobody is
I gotta break out this box ya tryin ta keep me in
Woah, woah
Livin' my dreams with my feet on the ground
Woah, woah
Gotta break out this box ya tryin' to keep me in

Verse 2 -

I'm my own burden
Gotta carry the weight
Cant point the finger for my mistakes
Wont let no one tell me who i should be
Cuz at night i answer to only me

PreChorus -

I still run for shelter when the rain starts to fall
Sometimes i get mad over nothing at all, but i cant let it break me
Gotta give it my all

If i stand for nothing then i fall

Chorus -

Sometimes up, Sometimes down
Livin' my dreams with my feet on the ground
I'm not perfect nobody is
I gotta break out this box ya tryin ta keep me in
Woah, woah
Livin' my dreams with my feet on the ground
Woah, woah
Gotta break out this box ya tryin' to keep me in

Verse 3 -

If i wait around and let somebody tell me how to live
I'll be invisible
Wont let you hold me back
Wont let you keep me boxed in, even though.....

I'm sometimes up
I'm sometimes down
Livin' my dreams with my feet on the ground
I'm not perfect nobody is
I gotta break out this box ya tryin ta keep me in

Chorus -

Sometimes up, Sometimes down

Livin' my dreams with my feet on the ground
I'm not perfect nobody is
I gotta break out this box ya tryin' to keep me in
Woah, woah
Livin' my dreams with my feet on the ground
Woah, woah
Gotta break out this box ya tryin' to keep me in
