

# Cheetah Girls, Break Out This Box

Everybody tells me  
To let it go  
I think they're crazy  
They just don't know  
I wish that they saw things  
The way that I do  
I'm not that different  
I'm just like you

I still run for shelter  
When the rain starts to fall  
Sometimes I get mad  
Over nothing at all  
But I can't let it break me  
Gotta give it my all  
If I stand for nothing  
Then I fall

Sometimes up  
Sometimes down  
Livin' my dreams  
With my feet on the ground  
I'm not perfect  
Nobody is  
I gotta break out this box  
You try to keep me in  
Whoa  
Whoa  
Livin' my dreams  
With my feet on the ground  
Whoa  
Whoa  
Gotta break out this box  
You try to keep me in

I'm my own burden  
Gotta carry the weight  
Can't point the finger  
For my mistakes  
I won't let no one tell me  
Who I should be  
'Cause at night I answer  
To only me

I still run for shelter  
When the rain starts to fall  
Sometimes I get mad  
Over nothing at all  
But I can't let it break me  
Gotta give it my all  
If I stand for nothing  
Then I fall

Sometimes up  
Sometimes down  
Livin' my dreams  
With my feet on the ground  
I'm not perfect  
Nobody is  
I gotta break out this box  
You try to keep me in  
Whoa  
Whoa  
Livin' my dreams

With my feet on the ground  
Whoa  
Whoa  
Gotta break out this box  
You try to keep me in

If I wait around and let somebody tell me how to live  
I'll be invisible  
Won't let you hold me back  
Won't let you keep me boxed in

Even though  
I'm sometimes up  
I'm sometimes down  
Livin' my dreams  
With my feet on the ground  
I'm not perfect  
Nobody is  
I gotta break out this box  
You try to keep me in

Sometimes up  
Sometimes down  
Livin' my dreams  
With my feet on the ground  
I'm not perfect  
Nobody is  
I gotta break out this box  
You try to keep me in  
Whoa  
Whoa  
Livin' my dreams  
With my feet on the ground  
Whoa  
Whoa  
Gotta break out this box  
You try to keep me in
