

# Cheetah Girls, On My Way

I used to say when I was a child  
I could do anything  
Be everything  
I thought I had the world in my hands  
And everything revolved around me  
It was all about me

Pre-Chorus:

I wanted this and that and more  
I always said the sky's the limit  
But I didn't think it'd be so hard  
Life's like a maze  
I got lost in it  
Now my perspective is changed

Chorus:

I can't say I see the future so  
I'm gonna take it day to day  
I may not know just where I'm going but  
I know that I'm on my way (repeats)  
I changed my mind and changed back again  
Though I had moved on  
And each time was different  
I woke up one day and realized  
I was in the same place  
Doing the same things

Pre-Chorus:

So right now I'm kinda confused  
About my life and where I'm going  
Seems like I'm going in circles  
Right or left  
Which way to choose?  
I've gotta a map, no destination  
I don't know which way to go

(Chorus)

Bridge:

I'm gonna take this road  
Not knowing where it will go  
Leaving today with no answers  
Okay, but I don't know  
There's gonna be some pain  
Some days might feel so long  
But you can't fall off the floor  
So up is the only way

(Chorusx2)
