

Cheez, When You Least Expect It

When you think your safe
Everything will turn around
Hit you in the face
And prove that you are wrong
When you least expect it
You'll fall on the ground
Even though you thought
It was just a round

You are a self destructing
Self controlling missile
You are a terrible
Horrible nightmare

When you're at your last end
And you just wanna die
Don't turn around
And don't go and cry
When you need someone
To stay next to you
You might just want to die
But don't be a fool

You are a self destructing
Self controlling missile
You are a terrible
Horrible nightmare

I'm about to explode
You're about to fly
I don't wanna be alone
But you just won't expect it
Except it..

You are a self destructing
Self controlling missile
You are a terrible
Horrible nightmare
