

# Cheezburger Mafia, If Only

Picture me next to you  
Holding hands, sunset view.  
Kiss your lips, hug you tight,  
All the world seems so right.

If only'  
If only you were mine.  
If only'  
Together till the end of time.  
If only'  
If only you were mine.  
If only'  
If only you were mine.

We're best of friends at the worst of times,  
And I feel so good when you're by my side.  
I can turn to you if I'm feeling sad  
Baby, you're the one who makes me glad.

If only'  
If only you were mine.  
If only'  
Together till the end of time.  
If only'  
If only you were mine.  
If only'  
If only you were mine.

I think you are perfect in every way  
You're the one who makes my day.  
Now hold me very closely and close your eyes  
I'm gonna love you for my whole life.

If only'  
If only you were mine.  
If only'  
Together till the end of time.  
If only'  
If only you were mine.  
If only'  
If only you were mine.
