

Cheezburger Mafia, There You Were

I think about what could be,
And what should've been.
I think about what I could do,
And what I should've said
Maybe I'm really wrong,
And it's just not meant to be.
Maybe I'm just dreaming,
And you're just my fantasy.

But I know I'm right,
You're the girl I've waited for.
You walked right in my life,
Then right back out the door.

I need you to see what I see,
From my point of view.
All I can picture is us together,
Me right next to you.
I'll wait for you forever,
You and your perfect smile.
You're all I've ever wanted,
You make it all worth while.
Don't tell me what you don't mean,
Just tell me what is real.
Don't tell what I wanna hear,
Just tell me how you feel.
