

# Chely Wright, Before You Lie

I think I know what you're about to say  
I can see it in your eyes and on your face  
We swore we never would  
So while the words are still unspoken  
Don't you think you should

[Chorus:]

Take a breath  
Take a moment  
Take your time  
Before you lie  
'Cause once you do  
Love is different  
Everything changes  
Between you and I  
And it gets easier every time  
Oh and you can still change your mind  
Before you lie

All I ask of you is honesty  
We said that's how this love will always be  
So careful what you say  
'Cause it only takes a half a truth  
To throw it all away

[Chorus]

It's up to you  
This can go go either way  
You get to choose  
Which road we take  
So

[Chorus]

Before you lie  
Before you lie
