

Chely Wright, Right In The Middle Of It

They're either fallin' in or they're fallin' out
That's the only kind of love you ever hear about
But we're somewhere in between
And it oughta go down in history
'Cause love is alive with you and me
And it's a real good place to be
'Cause we're right in the middle of it
Yeah, right in the middle of it
There's no fireworks and no big bouquets
No hot romance on display
But we don't think about breakin' up
We're right in the middle of love
Yeah, all our friends wonder how we made it last
We say we're lookin' at tomorrow and not the past
No, they're never gonna make a movie 'bout us
'Cause we don't have a Hollywood love
The credits roll when a movie is through
But there ain't gonna be an end to me and you
'Cause we're right in the middle of it
Yeah, right in the middle of it
There's no fireworks and no big bouquets
No hot romance on display
But we don't think about breakin' up
We're right in the middle of love
We're just right in the middle of love
We're just right in the middle of love
