

Chemical Brothers, The, Not Another Drugstore

Chemical Brothers, The

Miscellaneous

Not Another Drugstore

Not another drugstore not another town

Tired of the old skool i had to put it down

You know there was a man and he put the ground down

So we rollin' with the chemicals and we got the new sound

Chemical reflections like koolaid with owlsley

Wicked on the track you know me the drugstore cowboy

Down boy

Up and silly with the twin ring ring connect it then

Proceed to rip it like scissors

Comin' through your town like a fuckin' blizzard

Cheech wizard

High hat

(????) with the track

You know me rollin' with my click the one inch punch

And it's like a bag a bunch

Come on and (????)

Chemicals....
