

Chemical Garage, Tomorrow will never come

1. If tomorrow the world ends,
Will you go down on own's knees?
Will you think, about the time spend
About all those missin' years.
Don't go back!

Don't turn away from me!
Ref. Do you hear, do you see,
That the curse is done
And tomorrow will never be.
Do you hear, do you see,
That the curse is done
And tomorrow will never come.

2. You pretend to be someone else,
I have seen you facing thrill
I am those feelings,
that tomorrow you will kill.
Don't go back!
Don't turn away from me!
Don't go back!
Don't turn away from me!
If you'll like that,
Then today is your defeat.
