

# Chenoa, Mystify

All my life i've been searchin',for what I feel inside  
your love is a mystery,seek and we will find  
I know there's an answer,so show me a clue  
each step on my journey brings me closer to you.

Cause you mystify,with every word  
and I can't hide,the way I'm feelin.  
Purified,my soul is free  
cause your love's divine  
you mystify me.

Lookin' back I remember,feelin so alone  
the darkestof moments but never on my own  
when all i was seeing,one pathway in the sand  
you carried me over,held me in your hands.

Cause you mystify,with every word  
and I can't hide,the way I'm feelin.  
Purified,my soul is free  
cause your love's divine.  
you mystify,with every word  
and I can't hide,the way I'm feelin.  
Purified,my soul is free  
cause your love's divine  
you mystify me.

Once my eyes were blind,but now I can see,ah,ah,ah  
help me find my way,you're all that I need.

Cause you mystify,with every word  
and I can't hide,the way I'm feelin.  
Purified,my soul is free  
cause your love's divine.  
you mystify,with every word  
and I can't hide,the way I'm feelin.  
Purified,my soul is free  
cause your love's divine  
you mystify me.

You mystify me.  
You mystify me.  
You mystify me.

You mystify me.
