

Cher, Hey Joe

Hey joe where are you going
With that gun in your hand
I said now
Hey joe where are you going
With that gun in your hand

Going down to shoot my old lady
Cause you know
I caught her messing a round town
I'm going down to shoot my old lady
Cause I caught her messing around
With another man

Hey joe I heard you shot your woman down
Shot her down
Hey I said hey joe
I heard you shot your woman down
Shot her down to the ground
Yes I did, I shot her
Cause I caught her messing around town

Hey joe I heard you shot your woman down
Shot her down
But I said hey joe
I heard you shot your woman down
Shot her down shot her down
Yes, yes I did, I shot her
Cause I caught her messing around town

Hey joe where you gonna run to now
I said, I said hey joe where you gonna run to now
Where you gonna go
Well jig I'm going down south way down to mexico way
I said I'm going down south way down to mexico way
