

Cher, I Found Someone

Don't you know
So many things they come and go
Like your words that once rang true
Just like the love I thought I found in you

And I remember the thunder
Talkin' 'bout the fire in your eyes
But you walked away when I needed you most
Now maybe, baby, maybe, baby

[Chorus:]
I found someone
To take away the heartache
To take away the loneliness
I've been feelin' since you've been gone
Since you've been gone

Dry your eyes
I never could bare to see you cry
Someday your love will shine through
And show you the feelings
If you never really knew

But baby don't you lose that thunder
Talkin' 'bout the fire in your eyes
You're lookin' at me
But ya still don't believe
That maybe, baby, maybe, baby

[Chorus]

Too long on the border line
Wonderin' if your love was really mine
But you left me with open eyes
And when I realized, baby

[Chorus]
[repeat]
