Cher, Love & Understanding

Love & amp; Understanding

Here, here in this world Where do we go, where do we turn When we need some love it seems that love Just can't be found Where, where do we stand When love's supply don't meet love's demand

We got enough stars to light the sky at night Enough sun to make the whole world bright We got more than enough, but there's one thing There's just not enough of

Chorus:

Not enough love and understanding We could use some love To ease these troubled times Not enough love and understanding Why? Oh why?

Spend all of our time building buildings up to the sky Reaching everywhere but where we need to reach the most Hearts never can win,oh in this race This race that we're in

We've got enough cars to drive around the world Enough planes to take us anywhere We got more than enough, but there's one thing There's just not enough of

(chorus)(repeat)

We need some understanding We need a little more love Some love and understanding

Enough stars to light the sky at night Enough sun to make the whole world bright Enough hearts to find some love inside We've got more than enough(but there's one thing) There's just not enough of

(chorus)

We've got to find love Got to find some love To ease these troubled times Not enough love and understanding Why? Why? Why? Why? Why?

Tell me why, tell me why Love and understanding Oh why? Not enough love Why? Why? Why?

(Not enough love and understanding) (We could use some love) (To ease these troubled times) (Not enough love and understanding) (Why? Oh why?) (Not enough)
