

Cher Lynn Bragg, Girl Thing

Some things about a woman you will never understand
Like why we do our nails, or paying for a tan
There are a lot of things about us that just cant be explained
Its a girl thing

You wonder why I use your razor instead of using mine
When Ive had a hard day got to have a glass of wine
Step away from the chocolate and well get along fine
Its a girl thing

When you figure me out, well let me know
The things that drive you crazy make you love me more
Like an age old mystery that youll never understand
We change the things about us just because we can

I ask you if Im ugly when I dont know what to wear
Got a closet full of shoes cant find a single pair
Got to do my makeup got to do my hair
Its a girl thing

When you figure me out, well let me know
The things that drive you crazy make you love me more
Like an age old mystery that youll never understand
We change the things about us just because we can

When I need some heavy lifting or the oil changed in my car
I can do it myself, but Ive got this down to an art
We like to play dumb but were really very smart
Its a girl thing
