

# Cher, Needles & Pins

Saw him today  
I saw his face, it was the face I love  
And I knew I had to run away  
And get down on my knees and pray  
That they go away but still they begin

Needles and pins  
Because of all my pride  
The tears I gotta hide  
Hey I thought I was smart  
I'd won his heart  
I didn't think I'd lose  
But I see she worst to him than me  
Let him go ahead take her love instead  
And one day he will see  
Just how to say please

Wow and get down on his knees  
That's how it begins  
Hurtin' him hurtin' him

Why can't I stop and tell myself  
It's wrong so wrong  
Why can't I stand up  
Tell myself to be strong

Because I saw him today  
I saw his face it was the face I love  
I can't let go, although I know  
He'll make me cry until the day I die

But people I got to live now  
Wow lord knows I should forgive now  
That's how they begin  
You'll feel those needles and pins

Somebody stop'em now  
Stop those needles and pins  
Somebody take'em away now  
Stop those needles and pins  
(repeat and fade)
