

# Cher, The Thought Of Loving You

The thought of loving you  
The way I'm longing to  
A thousand hopeful dreams I've had  
Are finally coming true  
I use to put you on a pedal stool  
Where you became untouchable  
But now we touch  
And not so much is possible

Just be near to you  
Would be enough for me  
The many years without your love  
Has been so rough on me  
But now a change is taking place in me  
I have found someone, who's faith in me  
Has given me the strength  
I needed so desperately  
In my darkness, you turn on the light  
My illusions vanished over night

The thought of loving you, is now reality  
The thousand dreams I had  
We're nowhere near to how it could be  
For as we melted love so beautiful  
I never felt so wonderful  
The thought of loving you  
The way I'm longing to  
And now, right now  
Right now, right now, right now
