## Cher, Way Of Love

Somebody, somewhere turns off the lights Somebody all alone faces the night You got to be strong When you're out on your own 'Cause sooner or later We all sleep alone Nobody nowhere holds the key to your heart When love's a possession it'll tear you apart You may have lovers wherever you roam But sooner or later We all sleep alone Bridge: The young and the young at heart wait But the wait never ends in the soul When you feel like it's all blown away Independence has come And into the night I go Don't make no promises That I can't keep Won't be no prisoner Of somebody's needs Well you may have lovers Wherever you roam

But sooner or later We all sleep alone
