

# Cherish, If He Ask Me

[Intro: Choped and Screwed Voice]

If he ask me  
If he ask me

[Verse 1:]

My man from the hood  
Yes, he's from the streets  
Yeah, I'm down  
'Cause he'll do anything for me  
Then he call me up said [?]  
I said 'bout 4  
Said just come and get me down  
(If he ask me)

[?] whip, whip

Real low key  
Last thing I know he's ru-runin' towards me  
Parked in with the car  
Got the feelin' I feel  
Looked in the back dimin lights in the rear  
(If he ask me)

[Chorus:]

Promise I'll risk my life  
If he ask me  
Stand up in the court and lie  
If he ask me  
I give him no time to sigh  
If he ask me  
I'm always down to ride  
If he ask me

[Verse 2:]

Mama's kinda mad  
But I don't give a damn  
'Cause it's a cold case but did it for my man  
I really don't care if they don't understand  
As if I had a chance I would do it again  
[?] prince  
When I need him the most tell me who did I see  
My man was there to get me up on my feet  
Giving me breath and all the love that I need

[Chorus: Until End]
