

Cherish, Only One

[1]

You and me together
Make the perfect combination
Like a body to a soul
Like an actress to a role
I know you have trust issues
But I'm here to let you know
I'm your Catherine you're my Joe
Better half you make me whole
I know you go through my phone phone
Checkin' all of my messages
Thinkin' I'd do you wrong wrong
Tryna see who I'm messin' with
Baby I'll ride for you
Baby I'll die for you
You are the only one
The only one that I'm lovin'

[CHOURS]

The only one that I'm lovin'
Is you, is you
And the only one I let touch me
Is you
Your the only one that sees me
In my Vickys secret
One I share my sheets with
Baby the only one that I want is you
The only one that I'm missin'
Is you, is you
And the only one that I'm kissin'
Is you
Your the only one that sees me
Look through in the morning
Get the early lovin'
Baby the only one I'm lovin' is you

[2]

Me without would be
Like some music wit no song
Us together is not a choice
It's like me without a voice
And baby when I tell you
That there's nothing going on
Imma need you to trust me
And stop tryna prove me wrong
I know you go through my phone phone
Checkin' all of my messages
Thinkin' I'd do you wrong wrong
Tryna see who I'm messin' with
I ride for you
Baby I die for you
You are the only one
The only one that I'm lovin'

[CHOURS]

The only one that I'm lovin'
Is you, is you
And the only one I let touch me
Is you
Your the only one that sees me
In my Vickys secret
One I share my sheets with
Baby the only one that I want is you
The only one that I'm missin'
Is you, is you
And the only one that I'm kissin'
Is you

Your the only one that sees me
Look through in the morning
Get the early lovin'
Baby the only one I'm lovin' is you
[3]
Couse you get all my love
And I swear it's only you
Your the only one for me
Just open up and see
You gave your heart I won't break it
My love for you ain't changin'
Baby please hear what I'm sayin'
Heres all of me so take it
[CHOUS]
The only one that I'm lovin'
Is you, is you
And the only one I let touch me
Is you
Your the only one that sees me
In my Vickys secret
One I share my sheets with
Baby the only one that I want is you
The only one that I'm missin'
