

Cherry Monroe, Can't Explain

Got a crush head rush what a sensation
Butterflies all night can't stop shaking
Head first i will dive
Head first i will dive

And i can't explain what you do to me
And i can't explain what you do to me
Can't explain what you

No need for gravity when you're floating
No others got the color of my emotion
Head first i will dive

And i cant explain what you do to me
And i can't explain what you do to me
What you do what you do
No need for gravity what a sensation
No need for gravity what a sensation can't i
Can't explain what you do to me cant exlaint what you

Head first i will dive
Head first i will dive

And i cant expain what you do to me
And i can't explain what you do to me what you do what you do
No need for graviity what a sensation
No need for gravity what a sensation can't i
Cant explain what you do to me can't explain what you to me
Can't explain what you do to me what you do to me what you do to me
