

Cheshire Grin, Everything

EVERYTHING

(That Once Meant Everything)

Because of your constant

Charade I've been living in the deepest hole

Something inside feels alive but

Now I'm feeling that I've lost control

What am I thinking

Could I be living this

Lost touch of everything that once meant everything

What am I dreaming

Could I be living this

Lost Touch of everything that once mean everything

Get closer I cannot see what your eyes trying to say

Your silence has silenced me

But now I'm speaking once again,

What am I thinking

Could I be living this

Lost touch of everything that once meant everything.

What I dreaming

Could I be living this

Lost touch of everything that once meant everything

With all the things that I have said

And all that I have done

No matter how hard I try

You can't save me now.

What am I thinking

Could I be living this

Lost touch of everything that once meant everything

What am I dreaming

Could I be living this

Lost touch of everything that once meant everything

What am I thinking

Could I be living this

Lost touch of everything that once meant everything

Lost touch of

Lost touch of this

Lost touch of everything that once meant everything
