

Chesney Kenny, All I Need To Know

Chesney Kenny

All I Need To Know

All I Need To Know

With a little luck this ol' truck will get me home today

With a little more I'll still have this job tomorrow

Weather man says a wet weekend he just might be right

But rain or shine you'll be mine tonight

That's all I need to know

In a world where most things come and go

I'll always have you to hold

And that's all I need to know

Heaven knows I ain't even close to bein' God's gift to women

But in your arms I feel like I am

I don't know it all, I sure can't solve

The problems of the human race

But I know how to bring a smile to your face

That's all I need to know

In a world where most things come and go

I'll always have you to hold

And that's all I need to know

Darlin', say it one more time

You will forever be mine

That's all I need to know

In a world where most things come and go

I'll always have you to hold

And that's all I need to know

I'll always have you to hold

That's all I need to know
