

Chet Faker, Killswitch

I've realized that I 'm lookin' for redemption
I've concentrated on everything that fade away
I guess we never have the mutual ...
I guess ...

You're everything I want to be
It's scares as shit me
You're everything I want to be
It's scares as shit me

I've realized that I 'm lookin' for redemption
You're my Killswitch
I've realized that I 'm lookin' for redemption
You're everything I want to be
