

Chevelle, Dos

Begging
do you mean groveling
Settling
it's not the same
Begging
do we take what's left
Settling, settling this
I don't take requests

You two, you're what's left, I don't take requests
But you two, come this far,
I might have something,
To say
You two, you're what's left, I don't take requests
But you two, come this far,
I might have something,
To say

Now these two, treat them well
Upon themselves, showed up again
Now you sir, Give up the gig
You haven't been repaid
Now these two, treat them well
Upon themselves, showed up again
Now you sir, Give up the gig
You haven't been repaid

You two, you're what's left, I don't take requests
But you two, come this far,
I might have something,
To say
You two, you're what's left, I don't take requests
But you two, come this far,
I might have something,
To say
