

Chiara, Angel

Far away In a lost world I hear your voice Calling for heaven Cast away Caught in mem'ries You m
I'll be your angel In your darkest night I'll be your destiny Waiting by your side I'll be the sunshine W
Comes a day Heart on fire When all your faith Seems to be missing Go your way And you'll find the

A land of hope A land of dreams

I'll be your angel In your darkest night I'll be your destiny Waiting by your side I'll be the sunshine W
And when you lose it all And nothing seems right Just keep holding on to me

I'll be your angel In your darkest night I'll be your destiny Waiting by your side I'll be the sunshine W
