

# Chiasm, Isolated

Isolated  
Alone and apart  
Isolated  
Isolated

I'll never crawl again  
I'll never fall again  
Until I'm free

Here I stand in this room  
Caged and trapped inside  
Seems I'm damned to live a lie  
Unaware of what's outside  
Should I care  
For what's left me behind

And I stare at lights that makes me blind  
Internally there's nothing left for me to be  
I'm here alone and isolated

Have no choice but be isolated  
Struggling, left alone, apart  
Pushed aside, made segregated  
Struggling, left alone, apart  
See I have no choice but be isolated  
Threatened, forced to extract the heart  
Pushed aside, made segregated  
Have no choice but be...

The monsters make me hide  
Perhaps I'll eat myself alive  
Internally but it's there left for me to be

I can't care for what's left me behind  
And stare at lights that makes me blind  
These broken walls trap me inside  
I'm isolated

Have no choice but be isolated  
Struggling, left alone, apart  
Pushed aside, made segregated  
Threatened, forced to extract the heart  
Have no choice but be isolated  
Struggling, left alone, apart  
Pushed aside, made segregated  
Have no choice but be...

I'll never crawl again  
I'll never fall again  
Until I'm free  
I'll never crawl again  
I'll never fall again  
Until I'm free

And I stare at lights that makes me blind  
Internally there's nothing left for me to be  
I'm here alone and isolated

Have no choice but be isolated  
Struggling, left alone, apart  
Pushed aside, made segregated  
Struggling, left alone, apart  
Have no choice but be isolated  
Struggling, left alone, apart

Pushed aside, made segregated  
Threatened, forced to extract the heart

I'll never crawl again  
I'll never fall again  
Until I'm free
