

# Chic, Can't Stand To Love You

Every night I pray  
Can't stand to love you  
And every night and day  
I can't stand to love you babe

Surprise baby, here I am  
I'd like to have a few words with you  
Just to talk about all of these things  
That you put me through  
Oh no daddy, she can stay  
For once in our lives  
We can get a straight story  
Little punk, do it for me  
Or I'll number your days

Every night I pray  
Can't stand to love you  
And every night and day  
I can't stand to love you babe

I know that you are a sneak  
You do these things behind my back  
You could try to be discreet  
I let you go  
Now you think I'm a sap  
The way that you treated me  
You'd think I were into S&M  
I can't deal with it  
You won't get away with it

Every night I pray  
Can't stand to love you  
And every night and day  
I can't stand to love you babe
