

# Chic, Rebels Are We

We are the rebels, baby  
Rebels are we  
We want to be free, my baby and me  
Nevertheless, rebels are we  
Life's a switch, don't let it play a trick on you  
Try not to be fooled, be wise  
Don't throw a fit, stay calm and you'll be cool  
You'll find the solution right before your eyes  
I know much more but now that I'm older  
Just a little bolder, listen to me  
We can't give up, now that we're movin'  
The whole world's groovin', we must stay free  
We are the rebels, baby  
Rebels are we  
We want to be free, my baby and me  
Nevertheless, rebels are we  
Don't cage us in, we might just surprise you  
In order to convince you, we will  
Oh no, you can't take away our freedom  
And get this straight, for that we won't be still

Good time is now and if we have to fight  
Come on let's unite, we gotta do it soon  
We're gonna win on that you can depend  
'Cause if you don't, me and my baby are goin' to the moon  
We are the rebels, baby  
Rebels are we  
We want to be free, my baby and me  
Nevertheless, rebels are we, my baby and me  
We are the rebels, baby  
Rebels are we  
We want to be free, my baby and me  
Nevertheless, rebels are we, my baby and me  
Rebels, rebels  
We are the rebels, baby  
Rebels are we  
We want to be free, my baby and me  
Nevertheless, rebels are we
