

Chic, Your Love Is Cancelled

Watchin' the late show
I made up my mind, oh
A love that is free like a love should be
Fallin' behind, oh
Don't you see you are the one
I couldn't have begun
No, your love is cancelled
No, your love is cancelled
Just look at who you are
Thinkin' you're a star
Try and hold me back
Breakin' from your pack
Just look at what you've done
Got me on the run
Took me for a ride
Really hurt my pride
Well I saw it on TV
'Bout someone like me
You just couldn't wait till I fell for you
To start your deceiving
It's the truth, you're not the one
I shouldn't have begun
No, your love is cancelled
No, your love is cancelled

Look at who you are
Thinkin' you're a star
Try and hold me back
Breakin' from your pack
Just look at what you've done
Got me on the run
You hurt my pride
Took me for a ride
Look at who you are
Thinkin' you're a star
Try and hold me back
Breakin' from your pack
Just look at what you've done
Got me on the run
Took me for a ride
Really hurt my pride
Your love is cancelled
Your love is cancelled
Don't get mad, your love is cancelled
'Cause your reading's bad
Your love is cancelled
