

Chicago, Along Comes a Woman (Single Version)

There is a time
When a man needs somebody to talk to
Someone to talk to
Somebody who'll always be there
All alone, nothin' seemed to matter
So alone, doesn't get much better
Can't explain somethin' that you're feelin'
For the very first time
Then along comes a woman
There's a change in the way that you're feelin' tonight
Then along comes a woman
And you know that it's right
There was a time
When you needed someone to count on
You needed someone to count on
Somebody to care
Now she's here, nothin' seems to matter
She's so near, everythin' is better
Can't explain, somethin' that you're feelin'
For the very first time

Then along comes a woman
There's a change in the way that you're feelin' tonight
Then along comes a woman
And you know that it's right
(And you know that it's right)
Then along comes a woman
There's a change in the air that you're feelin' tonight
Then along comes a woman
And you're holdin' her tight
Then along comes a woman
There's a change in the way that you're feelin' tonight
Then along comes a woman
And you know that it's right
(And you know that it's right)
Then along comes a woman
There's a change in the air that you're feelin' tonight
Then along comes a woman
And you're holdin' her tight
