

Chicago, Doin' Business

Tired of ridin' freeways
Tired, so tired of fightin' the crowd
Repetition
Status quo

Tired of my best friends
Tired of feelin' used
Talkin' small talk
Movin' slow

Tired of feelin' guilty
I'm tired, I'm tired of standin' still
I had a big dream

Where'd they go?
Tell me, where did my dreams go?

Doin' business
Dressed in grey
Try to make it
Payday to payday
Doin' business
Here to stay

Tired of the program
Tired, tired of playin' the game
Television
Radio
Tell me, where did the dreams go?

Doin' business
In control
Life on a schedule
Heart and soul
Doin' business
It's to go
