

# Chicago, Jenny

(Terry Kath)

Jenny  
Jenny  
You know I'm goin' away  
And you know my woman's here  
Please don't you stray  
Watch over her  
You can run amok and play  
Your whole life through  
And you can chase the cats around  
'Cause she loves that too  
Then if someone comes to cause her harm  
You will protect her true  
Oh Jenny  
Jenny  
Jenny  
You got her while I'm gone  
Time moves so slow  
For someone who's alone  
So comfort her  
If she's feelin' low  
You gotta be a card  
And if she's fast asleep  
Don't you sleep too hard  
If someone comes to cause her harm  
You gotta gun 'em down  
Oh Jenny  
Now maybe  
It's gonna be alright  
Won't have to fight  
Won't have to fight  
But then again  
So sad but true  
There's always someone waiting  
Just to shit on you  
And if she's feeling low  
You gotta be a card  
If she's fast asleep  
Don't you sleep too hard  
'Cause if someone comes to cause her harm  
You gotta gun 'em down  
Oh Jenny  
Now maybe  
It's gonna be alright  
You won't have to fight  
Never have to fight  
But then again  
You know it's sad but true  
There's always someone waiting  
Just to shit on you
