

Chicago, Show Me A Sign

I wonder what's been on your mind
Baby, I don't know
Something strange is going on
Seems you've been so far away
Got to bring you back, next to me

Is there a thread we can hold on to
Or just a broken seam
Is there a promise for tomorrow
Or just a shattered dream
If only we could see things through

Show me a sign
Show me a sign, girl
You won't turn away
Hold on to the light
Never let go
I'll show you the way

Even in the worst of times
If we got love
Baby, we can work it out
I need to know you'll always be
Here by my side, next to me

I'll be the one that you can lean on
I'd never leave you behind
We've got enough to build a dream on
So baby, say you'll be mine
You need me just like I need you

Show me a sign
Show me a sign, girl
You won't turn away
Hold on to the light
Never let go
I'll show you the way

I believe our love's a miracle
We can find a way
Listen, baby

Show me a sign
You won't turn away

Show me a sign
Show me a sign
You won't turn away
Hold on to the light
Never let go
I'll show you the way

Show me a sign
Show me a sign, girl
Won't turn away
Don't turn away
Hold on to the light
Never let go
I'll show you the way
