

# Chicane, Stoned In Love

If you could see me here this way  
Looking backwards from today  
Would you do it all again?  
If I could roll it back to you  
Just like lovers always do  
I'm stoned in love but not with you

Good luck, cause we're not feeling stoned in love  
It's how I'm feeling now  
I feel the love is made of stone  
We're not feeling stoned in love

Good luck, cause we're not feeling stoned in love  
It's how I'm feeling now  
I feel the love is made of stone  
We're not feeling stoned in love

If we could wash the past away  
Would we go our separate ways  
I'd do it all again, as if I cared

Is this the way it's meant to be  
Stoned in love but not with me  
You're stoned in love but not with me

Good luck, cause we're not feeling stoned in love  
It's how I'm feeling now  
I feel the love is made of stone  
We're not feeling stoned in love

Good luck, cause we're not feeling stoned in love  
It's how I'm feeling now  
I feel the love is made of stone  
We're not feeling stoned in love

Stoned in love

I'm stoned in love but not with you

Good luck, cause we're not feeling stoned in love  
It's how I'm feeling now  
I feel the love is made of stone  
We're not feeling stoned in love

Stoned in love, stoned in love  
Stoned in love, stoned in love  
Stoned in love, stoned in love  
Stoned in love but not with you

As if I care  
If I care
