

# Chico Rose, Alone Again (feat. Afrojack & Mougler)

Do you dream with one eye open  
Cos you don't wanna lose control

Do you think I'm thinking about you now  
And your mattress on on the floor

Ring ring  
Your number  
Sorry I'm under another  
I'm kinda busy right now

Ring ring  
I'm guessing  
You're thinking 'bout me undressing  
I'm kinda busy right now

Oh oh  
You're alone again  
Blowing up my phone again  
Tell me who do you think you are

Oh oh  
Playing dead again  
Messing with my head again  
Who the fuck do you think you are

Do you think you're casa nova  
Left on read and feeling blue  
How many times have you been here before  
Cus every night is Deja vu

Ring ring  
Your number  
Sorry I'm under another  
I'm kinda busy right now

Ring ring  
I'm guessing  
You're thinking 'bout me undressing  
I'm kinda busy right now

Oh oh  
You're alone again  
Blowing up my phone again  
Tell me who do you think you are

Oh oh  
Playing dead again  
Messing with my head again  
Who the fuck do you think you are

Oh oh  
You're alone again  
Blowing up my phone again  
Tell me who do you think you are

Oh oh  
Playing dead again  
Messing with my head again  
Who the fuck do you think you are

Ring ring  
Your number  
Sorry I'm under another

I'm kinda busy right now

Ring ring  
I'm guessing  
You're thinking 'bout me undressing  
I'm kinda busy right now

Oh oh  
You're alone again  
Blowing up my phone again  
Tell me who do you think you are

Oh oh  
Playing dead again  
Messing with my head again  
Who the fuck do you think you are

Oh oh  
You're alone again  
Blowing up my phone again  
Tell me who do you think you are

Oh oh  
Playing dead again  
Messing with my head again  
Who the fuck do you think you are
