

# Chief Keef, Any Opponent

She's a very thot bitch, I saw her on the corner  
That ain't my bitch, I just wanna fuck her momma  
Xbox shit, I'm the only one  
That's my shit, every time they cut me on  
Came in the trap on the floor goes the money  
That's a loud pack and I put a lighter on it  
How my doors flap I be thinking I'm a hornet  
Where he at I'm gon' have to kill my opponent

You said I ain't getting money, what you talking about?  
I remember I used to live in my mom's house  
Now I'm living large got a nice house  
And the mansion man, I had to get the mice out  
Tell her, "Baby girl who told you bring my pipe out?"  
This bitch tripping because I cut the lights out  
She cooking chickens in my shit got the rice out

Went up in the club have my ice out

Call Desperado for the chrome, he put the auto to your dome  
Call Capper for a cappe he like right now
