

# Chief Keef, Don't Make No Sense

Ganja, ganja I be smoking ganja  
All this loss of commas  
And I can fuck your mama  
Them thorties know 'em fogs  
Flexing in the sauna  
Riding in Bahamas  
24 Verlons  
Turn to that checks that is bind  
The Texas shit  
I got no limit in the clip  
But my effin I let it spit  
Thrilla over here  
Pull up in a whoop  
Got alot of banana clips  
Fruity nigga don't get mixed  
I say bitch I'm from Chy real  
We got more kills than Afghanistan  
OBlock just stunting  
We the new Ku Klux Klan  
I'm abortion not a chemist  
Now all you niggas damaged  
Some of you boys will make it  
For this 3 hundred carats

This shit don't make no sense  
I say this shit don't make no sense  
This pay roll in my pocket  
This shit don't make no sense  
I say this shit don't make no sense  
This tunnel in my club  
This shit don't make no sense  
I say this shit don't make no sense

Man these youngers are killers  
Tell these streets that we made it  
Untouchable niggas we was born to be hated  
Me and Sosa ain't telling we get money together  
Hood niggas we eatin' and we down for whatever  
See they're scared of my niggas  
They wouldn't give him a bind  
I said, freeze! see murder  
We gon' ride for Treyvon  
Taking pictures in the hood  
Some of these niggas be snitches  
Pilla talking with hoes  
While I'm counting my riches  
Bad bitches be calling  
I'm on the block with my niggas  
Louie V on the pillars  
Smoking weed with them killers  
I'm a ride for my niggas  
I don't wanna go fin us  
Underated by some  
Disputed by many

This shit don't make no sense  
I say this shit don't make no sense  
This pay roll in my pocket  
This shit don't make no sense  
I say this shit don't make no sense  
This tunnel in my club  
This shit don't make no sense  
I say this shit don't make no sense

This shit don't make no sense  
All the money all the bitches I get  
Grind high but my 40 ride low  
And so my lap on totted on my head  
I can't forgive to flip a whip and make a pie  
Molly hide you can shit it in my eyes  
Give her dick 'cause I know she let it ride  
Guess she fuck me anywhere anytime  
I may be hit she take the dick and break it down  
Stuck the click and make my bitches wait in line  
It's nothing new boy 'cause I do this all the time  
And since I shoot she better knew to have mine

This shit don't make no sense  
I say this shit don't make no sense  
This pay roll in my pocket  
This shit don't make no sense  
I say this shit don't make no sense  
This tunnel in my club  
This shit don't make no sense  
I say this shit don't make no sense
