

Chief Keef, Fireman

Fuck, damn
Tay Keith, fuck these niggas up!

When you in that fire, I'm the only who can save you
Why you say that? I'm the fireman
Go ask about me, I never ran
Young nigga with whole lotta bands
I be losing my mind when I'm boxed in
I make that bitch do a handstand
Lot of dope in a car, I'm Saran Man
Lot of molly in me like I'm a Sandman

Landlord of the North, like Nino (Nino)
Lot of money on me, like C-Note (C-Note)
Strapped up, got Glock on my waist, oh
Chief Keef flex hard, like Big Sos' (Big Sos')
Make love, fall out on a kilo (Oh)
Talk down but they count on me though (Oh)
I could start up the car with no key hole
These niggas ain't comin' like me, no (Yeah)

Styling so hard, I make you collapse

All day I've been working inside of the lab
