Chief Keef, Foes

I get to the dough even in the snow
She like So, what happened? bitch, why you soo nosy?
Drink: I'mma pour, money: I'mma blow
Bitches I'mma fuck, hop in my car and roll
I just poured an 8, you just poured a 4
You sipping Karo, you think you want the dough
I walk up in the door lookin' like snow
Niggas, I can't trust cause friends turn to foes

I call my gun extinguisher
Nigga act dumb what you off angel dust?
Since I don't know my destination, she want me to meet with her
I told her 60 thousand just to 'gree with her
If she gon top me then we leakin' her
Cause some hoes be actin' slow like they won't give it up
If she don't drop it soo fast, pick it up
Mama told me since you ballin', all these bitches gonna tryna be with ya

I get to the dough even in the snow
She like So, what happened? bitch, why you soo nosy?
Drink: I'mma pour, money: I'mma blow
Bitches I'mma fuck, hop in my car and roll
I just poured an 8, you just poured a 4
You [?] you think you want the dough
I walk up in the door lookin' like snow
Niggas, I can't trust cause friends turn to foes

[?] with me again, put her on the street
Like a bird I let her free, be whatcha can be
Like a dog, I want the sex, I don't wanna text
I'm a dog veterinarian, I'mma need a vet
Smokin' on this OG, smokin' on the ooh
I'm ballin' like I'm Dre, bitch I'mma need a shooter
I'mma need a Jimmy, I don't need a plug
Got you bitch cleanin' my house and it's all for the dub
Go get yourself some loves, do whatcha gon' do
You thinkin' that you fresh bitch? come throw shit on you
Ain't get nothin' for the low 20 grand or mo'
Since I spent all this money, might as well make my Glock gold

I get to the dough even in the snow
She like So, what happened? bitch, why you soo nosy?
Drink: I'mma pour, money: I'mma blow
Bitches I'mma fuck, hop in my car and roll
I just poured an 8, you just poured a 4
You sipping karo, you think you want the dough
I walk up in the door lookin' like snow
Niggas, I can't trust cause friends turn to foes
