She gotta... bitch she ain't sitting around me for more than 3, 4 hours man bitch gotta get away from

I told a bitch she ain't coming with us
She know I got this money with us
She know ain't nothing between us
She won't know shit 'till the Ganja pulled up
Until the Ganja pulled up

She see the weed and start to geek
It's a honor to sit by me
Say her boyfriend stopping in the club
I done told her to sit by me
It's a honor to get kicked by me
Honor to get touched by me
Smoke greener than a Christmas tree
She's honored to get fucked by me
Hopped in the whip and she like, "What about me?"
I told the bitch don't worry about me
She said she wanna just love on me
I told the bitch don't care about me
Hate these fuck niggas sneak dissing on me
You ain't my partner fuck your Howdy
Riding in the M6, pull up and fuck your Audi
These bitches be hissing like some lizards
These cats want to bite me I'm no Stuart Little
If I ain't have this cash I'd be miserable
Sosa Wayne bitch I lost my ceilings too

I told a bitch she ain't coming with us
She know I got this money with us
She know ain't nothing between us
She won't know shit 'till the Ganja pulled up
Until the Ganja pulled up

Until the Ganja pulled up
Ganja pulled up
Until the Ganja pulled up
Ganja pulled up
Until the Ganja pulled up
