A Love So Fine

Oh yes, he's the darling, and I'm so glad that he'll be mine
Yesterday he said he wants me, to share, a love so fine (a love so fine)

When he smiled, for me only, and his kisses are so divine
From now on, I won't be lonely, cause we're sharing
a love so fine (a love so fine)

All the girls are jealous of him, that's not really hard to see, (1)
They would never try to love him, his love belongs to me

instrumental

repeat (2)

Our love, will last forever, and forever's a long, long, time
And I know, no one will ever, ever break up
A love so fine, (a love so fine)

Oh yeah (a love so fine)
Yeah yeah (a love so fine)
Oh yeah (a love so fine)
