

# Children Of Bodom, Shot In The Dark

[originally recorded by Ozzy Osbourne]

Out on the street I'm stalking the night  
I can hear my heavy breathing  
Paid for the kill but it doesn't seem right  
Something there I can't believe in  
Voices are calling from inside my head  
I can hear them I can hear them  
Vanishing memories of things that were said  
They can't try to hurt me now

But a shot in the dark one step away from you  
A shot in the dark always creeping up on you

Taught by the powers that preach over me  
I can hear their empty reason  
I wouldn't listen I learnt how to fight  
I opened up my mind to treason

But just like the wounded and when it's too late  
They'll remember they'll surrender  
Never a care for the people who hate  
Underestimate me now

But a shot in the dark one step away from you  
A shot in the dark always creeping up on you  
A shot in the dark not a thing that you can do

But just like the wounded and when it's too late  
They'll remember they'll surrender  
Never a care for the people who hate  
Underestimate me now

But a shot in the dark one step away from you  
A shot in the dark always creeping up on you  
A shot in the dark not a thing that you can do
