

# Chilitoy, Voices

And I'm sittin here

- In this boring room
- Spending just another
- Afternoon

I'm makin my mind

- Got nothing to do
- Just watchin tv
- And thinking of you

And I'm sittin here

- In this boring room
- Please don't ask me
- About the mood

I'm wasting my time

- Got nothing to do
- Lonely as you

And tell me how

- Tell me why
- I turn my head
- Up and down...
- But tell my how
- Tell me why
- All I see is just blue sky

With these voices in me head I

- Can't live the life I tried
- And if I find out who I am
- I'm not sure if I could change

And it used to be

- Just another me
- It was better
- Part of me

I'm lollin' around

- And judging yourself
- Thing's that you've done
- It's makin' me bad

So i'm sitting here

- In this boring room
- Cleanin' the mess
- That you've left

I'm spinnin' around

- Weeping right now
- I'm spinnin' around...

And tell me how

- Tell me why
- I turn my head
- Up and down...
- But tell my how
- Tell me why
- All I see is just blue sky

With these voices in me head I

- Can't live the life I tried
- And if I find out who I am

I'm not sure if I could change
