

Chilliwack, (Don't Wanna) Live For A Living

You run around and pay the rent
You buy the food your money's spent
Cut me off, I'm having fun, ain't gettin' nothing done
It cost too much, those days are done
I am having too much fun
Don't wanna live for a livin'
Don't wanna be there no more
Don't wanna live for a livin'
Don't wanna be there no more
Stay home at night and have fight
Who can tell what's wrong or right?
Up and eight and don't be late
Double time at twice the rate
It's hell today it's what you hate
Can't afford to make them wait
Don't wanna live for a livin'
Don't wanna be there no more
Don't wanna live for a livin'
Don't wanna be there no more
Livin' without livin'
Another day's victim
Of workin' harder every day
Just tryin' to get by
I don't want the money
'Cause don't think it's funny
They're usin' all my energy
And wastin' my time
Nine to five is useless
So long ti's really endless
I'm workin' night and day
To meet the bills I can't pay
Irritate, discriminate
Always trying to dominate
With all due respect
Kiss my ass
Get prosecuted fight the judge
End up payin' twice as much
Life ain't got too much romance
Workin' man ain't got no chance
Don't wanna live for a livin'
Don't wanna be there no more
Don't wanna live for a livin'
Don't wanna be there no more
