

Chilliwack, Watcha Gonna Do

Watcha gonna do when I'm gone
Watcha gonna do
Watcha gonna do when I'm gone
Watcha gonna do when I'm gone
Watcha gonna do
Watcha gonna do when I'm gone
There's no time for changing plans
I must believe it's in your hands
I know you'll wait but for how long
Watcha gonna do when I'm gone
When I'm away
You're going to have a good time
What can I say
Will you remember you're mine
What will you do
When they want to touch you
What will you do
When they want to get you
I know what they'll do
If you ever let em
Are you going to let em
Watcha gonna do when I'm gone
Watcha gonna do
(Watcha gonna do)
Watcha gonna do when I'm gone
Watcha gonna do when I'm gone
Watcha gonna do
(Watcha gonna do)
Watcha gonna do when I'm gone
When the boys all come to call
Will you take them in at all
Or will you send them all away
Watcha gonna do when I'm gone
Why don't you run
And do what you wanna do
Ain't nothing wrong
'Cause I'll be doing it too
If you give in, I don't wanna hear it
And if he wins, I don't wanna see it
Whatever you do, maybe you could hide it
Try to keep it quiet
Watcha gonna do when I'm gone
Watcha gonna do
Watcha gonna do when I'm gone
Watcha gonna do when I'm gone
Watcha gonna do
Watcha gonna do when I'm gone
And when it's night and I'm not there
When the cold is in the air
Will you make the best of it
With someone there to keep you warm
Watcha gonna do when I'm gone
Watcha gonna do
Watcha gonna do when I'm gone
Watcha gonna do when I'm gone
Watcha gonna do
Watcha gonna do when I'm gone
Where you gonna be when I'm gone
Who will be with you
Watcha gonna do when I'm gone
Watcha gonna do when I'm gone
Watcha gonna do
(Watcha gonna do now)
Watcha gonna do when I'm gone

Where you gonna be
When I'm gone
(When I'm gone)
Who will be with you
Watcha gonna do when I'm gone
